Young Red Wine - easy to drink

Tempranillo 40%, Cabernet Sauvignon 30 %, Merlot 30%

Harvest: Both mechanical and manual

Wine Making: this wine is the result of a long maceration process at a controlled 27°C, which assures the fastest and most complete Malolactic fermentation once it has been drained. After a period in storage vats, the wine is bottled the year after its harvest.

Ageing: no aging in wood
